

Dear Members,

53rd Annual General Assembly (AGA): The 2022 Interline Celebration, Bali, Indonesia

Entry Requirements Into The Republic of Indonesia

The following is an extract from an update issued on 18 July 2022 from the National COVID-19 Task Force Circular Note No. 22/2022.

In order to monitor, control and evaluate for preventing an increase in the transmission of COVID-19 including the new and future variants of SARS-Cov-2, the Government of Indonesia has implemented a policy to enter Indonesia.

All international travellers (foreign nationals) who will enter the territory of the Republic of Indonesia shall make readjustments with regards to their travel documents, to ensure compliance with the provisions regarding categories of foreign nationals allowed to enter Indonesia.

The requirements for entering Indonesia for international travellers (foreign citizens) are as follows:

- Take possession of Proof of Vaccination or Vaccination Certificate (physical or digital).
- Download and make use of app of PeduliLindungi (*see below*).
- There is no need to present a Negative proof of RT-PCR test.
- There is no need to present proof of health insurance.

The Government recognizes the following vaccinations, including but not limited to two-doses of Pfizer or Moderna or Sinovac, AstraZeneca and Sinopharm and single-dose of Johnson & Johnson.

The complete text can be accessed as follows: [Update: Indonesia Travel Restrictions \(kemlu.go.id\)](https://kemlu.go.id).

The PeduliLindungi app

Important text in the information above states that for foreign nationals data verification will be done by their respective embassies. The ministry will then grant approvals after data verification has been completed. After the registrants have received the data verification from the ministry via e-mail, they will have to download and install the PeduliLindungi app on their mobile phone and complete the required steps (see complete information in this link: <https://www.indonesia.travel/gb/en/trip-ideas/a-brief-guide-on-using-peduli-lindungi-mobile-app>). ***THIS PROCESS MAY TAKE UP TO 10 DAYS TO PROCESS!***

Domestic Airline Travel Within The Republic of Indonesia

Vaccination Requirements

In addition to the two-doses of Pfizer or Moderna or Sinovac, AstraZeneca and Sinopharm and single-dose of Johnson & Johnson to enter Indonesia, all domestic air travellers are also required to have received a COVID-19 booster (third dose). *This, of course, applies to participants on the post-AGA tour.* For

further information it is suggested to refer to: <https://www.smartraveller.gov.au/destinations/asia/indonesia>.

Baggage Allowance

On domestic flights within Indonesia the baggage allowance is 20 kg which should be especially noted by participants on the post-AGA tour.

WACA Website

As advised in Membership Message 6/2022, the current website is driven by out-of-date technology and steps were to be taken by our IATA contacts to migrate the website to a newer platform within IATA. I am now delighted to announce that confirmation has been received that the migration has begun from the current website to the new platform. If everything goes according to plan, we will be able to view the new website during our time in Bali at the AGA.

Membership Messages

Communicate

“Membership Messages” are sent out on a regular basis to WACA Member Clubs, Members-at-Large and other individuals closely connected to WACA. Recipients in Member Clubs are requested to forward these messages to all members of their respective Club or direct their members to the News and Press Releases section of WACA's website where the messages are posted: www.waca.org/news/Pages/index.aspx.

Contribute

If any WACA member has anything they would like to contribute to the next “Membership Message” please send the information to the attention of the WACA Administration Manager at WACA Headquarters.

Yours in interlining,

Keith Miller
WACA Administration Manager
