Dear Members,

57h Annual General Assembly (AGA): The 2026 Interline Celebration *Package*
Due to logistics issues, it has been necessary to reverse the activities from Monday to Tuesday and vice versa, i.e. the Natadola Beach outing and "Loloma Hour" will now be on Tuesday and the Nadi Tour and Catamaran Cruise will now be on Monday. The amended brochure showing the revised daily programmes for Monday and Tuesday is attached for your reference. *Please note that registration is still open.*

Pre-AGA Tour (Historic Suva City — Na Veilomani)
The tour operator has been liaising with the Ministry of Forestry, which manages and oversees the Colo-i-Suva Park, and advises that it will not be possible to now visit the park due to the state of the roads.
We are, therefore, trying to arrange a visit where no ordinary tourist goes! Situated in a rainforest, the Kula Wild Park amongst other things advances from the incubation laboratory to the Martine Life Support Centre to the world's largest Crested Iguana Captive Breeding Centre where you will gain first-hand knowledge about the breeding programme. The pre-AGA brochure will be updated in due course. *In the meantime, there are still spaces available on the pre-AGA tour so register today.*
